
CULTURAL ASSISTANCE GRANTS
1987/88

Department of Tourism and Culture

89-05213/

INTRODUCTION

This publication lists cultural assistance grants made by the Department of Tourism and Culture to individuals and organizations for the period April 1, 1987, to March 31, 1988. With the exception of Community Sponsors Assistance, grants listed reflect amounts approved, not necessarily the amounts actually paid.

The Department's program of funding assistance is developed from its statutory mandate to coordinate cultural development and activities. The Cultural Affairs Division is the principal source of support funding for cultural development projects. Its policies provide for grants over a comprehensive area of the arts and cultural industries.

The purpose of the grants program is to provide a broad range of cultural opportunities for Nova Scotians. Most grants policies stipulate a requirement for: Canadian citizenship; Nova Scotia residency; a commitment of personal funds and evidence of support from other sources; an established status in the professional arts or at the community level; and a clear commitment to a plan of action that will be of mutual benefit to the individual/organization and the Province.

Assistance policies are dependent upon availability of funds. Applications are processed bi-weekly by a Grants Review Committee. Copies of all policies and application forms are available.

For further information on the cultural grants program or on specific grants listed in this publication, please contact:
